Our Story

After moving from NYC to San Jose in 1998 to work at a big hi-tech company, little did I know just how much I was going to miss my daily dose of za. Whenever asked what I missed most about New York, it was always, "A slice!" The more I said it, the more I knew I would open my own New York pizza shop. Our goal is to bring a slice of home to other transplanted New Yorkers.

We only use the highest quality ingredients, freshest produce, and most of all, the best cheese in the world. With each bite you'll see why New York pizza has the reputation it does.

Come in and enjoy the taste, sights, and sounds of New York
